The Spanish Enrichment material will be your children's guide on the first leg of the journey into the Spanish language. The class will emphasize the similarities between English and Spanish in order to not only give your children the basics on numbers, grammar, and vocabulary; but also to give them the confidence that they can become life-long learners of this and other languages if they so choose.

Through the expertise of a native Spanish speaker the interactive lessons provided will include fun problem-solving in Spanish, and the attitude of "practice makes perfect," Spanish Enrichment will be a fun and comprehensive introduction to the language.

Class is limited to 15 students
